## Introduction

Again this year the credit for the staging of this Shorthorn "Field-Day" Sale must go to Fred Kreuger.

Due to the acquisition of the 270-cow Spartan Holstein Herd at Borden the Kreugers are drastically reducing the size of their Polled Shorthorn Herd —retaining only 20 cows with their calves and 15 heifers.

Included in their offering here are great producing cows, many with their calves at side; two-year-old bred heifers; a very uniform group of quality yearling bulls.

Kreugers will accept full payment in grain at the following prices: wheat 90c; barley 75c; oats 55c.

I feel your attendance at this sale will be well worth your time and effort.

Sincerely  
Bill Blacklock

The feature of the 1971 Summer "Field-Day" Shorthorn Sale for anyone looking for a herd bull will be this good, light roan, son of Thomas Leader 27W. On official ROP his weaning index was 117, yearling weight 968 with index of 111. He rated first out of 12. He was being kept for a herd sire (and was used on the two-year-old heifers in this sale) until Kreugers bought the \$2700.00 bull at the Brandon International. Because of this major reduction they can let him go. He is long and upstanding and a real prospect for someone who wants a true stock bull.
